

Peach Cobbler with Cake Mix

Ingredients

- 1 Lemon Cake Mix
- 2 t Cinnamon
- 12 oz Lemon Lime Soda (can)
- 48 oz Peach Slices (canned, drained)

Instructions

- 1.Preheat oven to 350 degrees. Drain canned peaches and place into a 9"–13 pan that's been sprayed with non-stick spray.
- 2.In a bowl add cake mix and cinnamon then mix well. Sprinkle cake mix directly on top of peaches using a spoon to gently press the cake mix down into the peaches.
- 3.Pour the can of soda on top. Make sure you pour it all over the cake mix, attempting to cover it completely.
- 4.Bake cobbler for 1 hour. Remove from oven and let cool for about 20 minutes. Serve with a scoop of vanilla ice cream or top with whipped cream.
