over so the top of the dough is greased too. Cover with a clean dish towel and let rise in a warm place for about 60 minutes, or until doubled in size. For rising, turn the oven to 400 degrees and heat for one minute. Turn the oven off and place dough inside for rising.

6. Punch down the dough in the bowl with your fist. Turn dough onto a floured surface and knead for about 1 minute. Roll dough out into a basic rectangular shape. Mix 3 tablespoons softened butter, 2 tablespoons sugar, 2 tablespoons brown sugar, and 1 tablespoon cinnamon in a small bowl. Use a butter knife to spread mixture on the surface of the rolled out dough. Roll up dough and form into a loaf. Place into a buttered 5x9-inch bread pan, seam side down. Cover with a clean dish

towel and let rise in a warm place until doubled in size, about 30 minutes.

7.Preheat oven to 375 degrees F.

8.Score risen dough in the pan by cutting 3 slashes diagonally across the top of the loaf with a sharp knife. Melt 1 tablespoon butter and brush on top of loaf. Bake bread for 35 to 45 minutes, or until golden brown. Fully baked bread should sound hollow when tapped. Turn out bread and let cool on a wire rack.
